SUMMARY

IT professional and software developer with experience in systems administration, technical support, and full-stack application development. Skilled in managing IT infrastructure, automating administrative tasks, and building software solutions to address practical business needs. Combines hands-on technical experience with a background in computer science and a focus on solving problems and improving workflows.

EXPERIENCE

IT Specialist - School District

Georgetown Public Schools **December 2024 - Present, Georgetown, MA**

- Provide technical support for approximately 1,200 students and 300 staff across four schools, supporting macOS, ChromeOS, and Windows environments.
- Administer and troubleshoot district-wide educational and administrative platforms, including Google Admin, Aspen, PaperCut, GoGuardian, Clever, and more.
- Managed and troubleshot district wireless infrastructure using ExtremeCloud IQ to monitor access points and network connectivity.
- Manage Apple device fleet through Jamf Pro, including device enrollment, smart groups, configuration profiles, app deployment, policy management.
- Manage district VoIP and communication systems, including Mitel phone infrastructure, school PA systems, room configurations, and bell schedules.
- Configure and maintain audiovisual systems for school events, assemblies, and municipal meetings, alongside district-wide digital signage and content management.
- Developed custom internal applications and scripts to support district needs and automate workflows.
- Manage the full lifecycle of staff and student devices, including deployment, maintenance, troubleshooting, and hardware repairs.

Sales & Digital Solutions Manager

Coffee Time Bake Shop **February 2018 - December 2024, Salem, MA**

- Led and trained sales and kitchen personnel, optimized shift workflows, and coordinated daily operations to improve efficiency.
- Managed administrative and technical operations, including POS system setup, phone system configuration, and network troubleshooting.
- Proposed and supported digital initiatives, including the development of a company website and online sales capabilities.

Technical Assistant

House of Nerds **May 2015 - January 2016, Oslo, Norway**

- Managed inventory of PCs, Macs, and gaming consoles, maintaining equipment organization and availability.
- Assisted with hardware repairs, software imaging, and general setup and deployment.
- Supported event production through A/V & technical support for events.

EDUCATION

Bachelor of Science in Computer Science

Minor in Mathematics • Salem State University • Salem, MA • 2025 • 3.82

- Awarded Mathematics Achievement Award by NSCC Math Department
